That's why Sharefest delivers hope to 300+ under-resourced and disconnected students every year. Our primary work takes place inside 6 LAUSD Continuation High Schools from Wilmington to Watts where students meet caring adults from the Sharefest team. Sharefest pours more resources into each student than schools and other organizations are able to. Following a student from high school into post-secondary pathways is simply the most effective way for youth to mobilize from poverty.

HERE'S HOW OUR YOUTH PROGRAM WORKS...

- 1.** We meet students in Continuation High Schools where we provide accelerated life skills and career development courses to help students earn a high school diploma.
- 2.** We deliver ongoing mentoring, educational support and case management.
- 3.** After high school we continue to support, mentor and resource students into jobs in the workforce or community college.

SPONSORSHIP

OUR GOAL

We seek to be South Bay's most loved philanthropic partner. In 2023, as our 20th year of service, our goal is to raise over \$2,000,000 from partners like you to provide our community's youth with newfound hope and opportunities.

OUR INVITATION

A custom service project experience not only help you achieve your philanthropic goals, they also fund our essential work with youth who face significant obstacles to success. Your service project will improve the Los Angeles community and will enable us to expand our reach to support more youth in our Workforce Development and College Access programs. Our ultimate goal is for Los Angeles youth to no longer be limited by barriers to economic mobility.

CUSTOM SERVICE PROJECT EXPERIENCE

The most unique aspect of sponsoring Sharefest is the Custom Service Project Experience for your team. Having started as a community service organization, we've worked hard to perfect service project experiences that greatly benefit the community and our sponsors. Last year alone we **completed over 30 Service Projects** with corporate partners and hope to continue beautifying the community of Los Angeles in 2023.

We use our extensive network of schools, community organizations, trades and creatives to craft service project experiences that align with each sponsor's values. The entire experience is expertly managed from planning through execution.

Each project is carefully selected and planned to align with your organizational values and goals. Sponsors experience phenomenal team building, powerful community connection and lasting memories while receiving positive community exposure.

***"WORKING WITH SHAREFEST IS ONE WAY WE FULFILL OUR
COMMITMENT TO MAKING PEOPLE'S LIVES BETTER."***
